3M™ Maintenance Free Reusable Respirator 4000+ Series

Wear comfort

- Soft and flexible face seal
- Lightweight and well-balanced mask
- Low-profile and ergonomic design for optimal field of vision
- Easily adjustable straps for secure, comfortable fit

Breathing comfort

- New enhanced valve assembly reduces breathing resistance by over 30%*
- Designed with 3M's electret particulate filter material to help achieve low breathing resistance
- Proven to consistently exceed CE standard

Convenient to use

- Ready-to-use, maintenance-free construction with integrated filters
- Designed to suit eyewear and hearing protection from 3M
- Resealable bag provides convenient and clean storage between uses

* Exhalation breathing resistance of 3M™ 4000+ reduced by >30% for 120 lpm peak exhalation flow and >35 % for 160 lpm compared to 3M™ 4000 Series. Results measured by 3M in 2017 under laboratory conditions. Breathing rates shown as an example only.
