

## ORDER VIA EDI

### SIMPLE AND FAST VIA YOUR OWN ORDER SYSTEM

Majestic offers various options for ordering. Customers can order via our webshop [www.majestic.nl](http://www.majestic.nl), by telephone, e-mail or via EDI. EDI is an acronym for Electronic Data Interchange. It is a convenient system for exchanging business documents electronically. This means you can simply place your order via your own order system and it will be processed entirely digitally.

#### Is EDI something for you?

Do you frequently place orders on Majestic's website? Then we recommend that you use EDI and submit orders electronically. Any business, no matter how big or small, can use EDI and take advantage of its speed, accuracy and efficiency. It's an ideal solution, especially for recurring orders.

#### The most important benefits

- > Available 24/7
- > Faster processing of information, faster order throughput
- > Minimal chance of data entry errors due to automation of order process
- > Minimal paper usage (CSR)
- > Stock levels are kept constantly up to date and visible because our systems are connected
- > Digital invoicing eliminates the need to check each invoice. Matching invoices are automatically approved.

#### Interested?
